

Wadestown School - New Entrant Chairbag Instructions

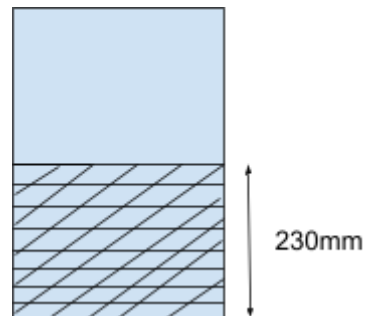

How to make a chairbag:

Requirements: 800mm x 400mm piece of fabric. We suggest children's favourite themes

1. Make a small hem top and bottom with the top hem folded back and the bottom folded forward.

2. Turn up bottom 230mm (with right side of fabric together) to form a pocket and stitch side seams. Turn to right side.

3. Fold upper material down to pocket edge (with wrong sides together). Stitch side seams down to pocket. Turn to reverse side.
